4400 Series

Hardware - Intel Dual Core 1.33 GHz SoC   *Ideal for Published Applications & Task Workers*
- 2GB/8GB RAM (std/max) - Linux OS
- 4GB/256GB Flash (std/max) - Linux OS
- 2GB/8GB RAM (std/max) - WIN OS
- 16GB/256GB Flash (std/max) - WIN OS
- 2 x DVI, 4 x USB, Dual Screen Support
- Wireless Capable & VESA Mountable

4500 Series

Hardware - Intel Dual Core 1.6-2.48 GHz   *4K, Dual Screen Support, Optional Fiber & TPM*
- 2GB/8GB RAM (std/max) - Linux OS
- 4GB/256GB Flash (std/max) - Linux OS
- 4GB/8GB RAM (std/max) - WIN OS
- 16GB/256GB Flash (std/max) - WIN OS
- 1 x DisplayPort + 1 x HDMI, 5 x USB
- Wireless Capable & VESA Mountable

5800q & 5800qd Series

Hardware - Intel Quad Core 2.0-2.42 GHz   *3D, CAD, Powerful Multimedia Capabilities*
- 2GB/8GB RAM (std/max) - Linux OS
- 2GB/256GB Flash (std/max) - Linux OS
- 2GB/8GB RAM (std/max) - WIN OS
- 16GB/256GB Flash (std/max) - WIN OS
- 2 x DVI *or* 2 x DisplayPort, 7 x USB
- Wireless Capable & VESA Mountable

5900q Series

Hardware - Intel Quad Core 1.6-2.56 GHz   *4K, 3 Screen Support, Optional PoE & TPM*
- 4GB/8GB RAM (std/max) - Linux OS
- 4GB/256GB Flash (std/max) - Linux OS
- 4GB/8GB RAM (std/max) - WIN OS
- 16GB/256GB Flash (std/max) - WIN OS
- 2 x DisplayPort + 1 HDMI, 7 x USB
- Wireless Capable & VESA Mountable

7800q Series

Hardware - AMD Quad Core 2.4 GHz   *4K, Optional Smart Card & PCI Expansion*
- 4GB/8GB RAM (std/max) - Linux OS
- 4GB/256GB Flash (std/max) - Linux OS
- 4GB/8GB RAM (std/max) - WIN OS
- 16GB/256GB Flash (std/max) - WIN OS
- AMD Radeon HD GPU
- Wireless Capable & Optional Fiber
- 2 x DisplayPort, 8 x USB, 1 x Serial

Available Features:

Operating Systems:
- Windows Embedded 7/8 (32/64 Bit) (exc. 4500 and 5900q)
- Windows 10 IoT (32/64 Bit)
- Linux (PeakOS™)

VDI Connection Brokers/Protocols:
- VMware Blast Extreme & PCoIP
- Citrix HDX Ready
- Microsoft RDP
- Parallels Remote Application Server (RAS)

CERTIFIED FOR

vmware | **CITRIX** | **Microsoft**

AND MORE...

10ZiG NOS™ Series Zero Clients

vmware **CITRIX** Microsoft ||Parallels

All NOS™ Zero Clients Feature:
- Wireless Capable
- VESA Mountable
- VMware PCoIP / Blast Extreme, Citrix HDX, Parallels RAS, or RDP

4448 Series
- Intel Dual Core 1.33 GHz SoC
- 2GB/8GB RAM (std/max)

Ideal for Published Applications & Task Workers
- 2 x DVI, 4 x USB
- Dual Screen Support

4548 Series
- Intel Dual Core 1.6-2.48 GHz (Burst)
- 2GB/8GB RAM (std/max)

4K, Dual Screen Support, Optional Fiber & TPM
- 1 x DisplayPort + 1 x HDMI, 5 x USB
- Dual Screen Support at 4K UHD

5848q Series
- Intel Quad Core 2.0-2.42 GHz (Burst)
- 2GB/8GB RAM (std/max)

3D, CAD, Powerful Multimedia Capabilities
- 2 x DVI *or* 2 x DisplayPort
- 7 x USB

5948q Series
- Intel Quad Core 1.60-2.56 GHz (Burst)
- 4GB/8GB RAM (std/max)

4K, 3 Screen Support, Optional PoE & TPM
- 2 x DisplayPort + 1 x HDMI, 7 x USB
- 3 Screen Support at 4K UHD

10ZiG Management Console

The 10ZiG Manager is included FREE and allows for Centralized Automatic Configuration, Maintenance and Full Admin Control over Local & Remote 10ZiG Thin & Zero Clients.

- Centralized management via installable console or web browser
- Group management via automatic filtering and drag and drop
- Image cloning & configuration for NOS™ Zero, PeakOS™ Linux & Windows Clients
- Cloud connector enabling management of Clients over the internet
- Scheduling tool automates common tasks to Clients, individually or via groups
- Reporting tool for complete Thin & Zero Client inventory auditing
- Role-based access allows admins to delegate management permissions to staff

PCoIP Solutions

vmware® teradici PCoIP amazon WorkSpaces

V1200 Series All Feature:
- Teradici PCoIP TERA2 Portal Processor
- VESA Mountable, 4 USB Minimum
- No Operating System or Virus Exposure
- Teradici Management Utility (free for 1 year)

V1200-P: 2 x DVI, Optional Fiber & PoE
V1200-QP: 4 x DVI or 4 x DisplayPort, Quad Screen Support, Optional Fiber & Internal Smart Card Reader
V1206-P/PD: 2 x DVI or 1 x DisplayPort + 1 x DVI, 6 x USB, Optional Fiber
V1206-PDS: 1 x DVI + 1 x DisplayPort, 6 x USB, Internal Smart Card Reader, Optional Fiber

V1200-H & V1200-QH PCoIP Workstation Cards
- Easily Share Workstations
- Maximum Security – Streams Pixels Only
- Ideal for CAD/CAM Environments
- Dual User Access to Same Station
- Works Best when Combined with V1200 Zero Clients

Federal & Military Solutions

10ZiG has a robust lineup of endpoint devices with features designed to fit the highest levels of security demanded by U.S. Government institutions.

- TAA Compliant, Ruggedized devices
- No OS, local data storage or apps to patch
- AES 256 and NSA Suite B cypher encryption
- Support for CAC/PIV Smart Cards
- Customized, Multi-level Security Command Workstations
- IPv6 Ready, TPM 2.0 and 802.1 x network authentication
- Integrated DoD approved CAC reader for SIPRNET token
- Secure, Rack-mounted Workstations
- Fiber Support (SFP Ready) & PoE
- and more... reach out for details

TAA Compliant Assembled & tested in the USA

10ZiG PC Repurposing Software

10ZiG PC Repurposing Software converts old, fat PCs or laptops (or even existing Dell, HP, or third-party Thin Clients) into a locked-down, secure, integrated and easily manageable Thin Client platform.

- Installs in minutes
- Compatible with most standard x86 based devices regardless of form factor/manufacturer
- Centrally manage all devices from browser
- Streamline entire network
- Hassle free, intuitive Centralized Management
- Supports VMware, Citrix and RDP

WHY 10ZiG?

Plug & Play
10ZiG devices are automatically deployed with our **FREE** enterprise class **10ZiG Manager**.

Reliable Hardware
No moving parts & **OS agnostic** hardware provides a future-proof design over that of a traditional PC.

Thin & Zero Clients
HDX PCoIP Microsoft

Best performing Thin & Zero Clients for Microsoft, Citrix & VMware environments.

High Performance
Support for **multimedia**, **CAD** & **3D graphics**.
US & UK Support
LOCAL assistance wherever **YOU** are.

Warranty
Market leading standard warranty, including **advanced** replacement, **unlimited** technical support & software upgrades.

Sales
Knowledgeable Sales Team committed to selling the **best** solution for your **needs**. **Supporting** most contracts, including **GSA**.

Support
The **best** personal experience available from **seasoned** & **certified VDI technicians**.

Service
Hassle free, flexible, no obligation **Thin** & **Zero Client** trials available.

Testimonials
We love our loyal customers.

"Excellent Service, easy to maintain and cost conscious compared to other devices. We looked at Wyse and 10ZiG and ended up choosing 10ZiG despite being a long-time Dell Partner."

~Jose Ramos, Kahn, Litwin, Renza & Co.

"This is by far the best support experience I have encountered when comparing with other similar vendors."

~Chris Pangkerego, Midwest Housing/MSEG

"The support we have received from 10ZiG has been exceptional. They have been very responsive to requests for new features and customization. The 10ZiG Manager is very helpful with our large deployment of VDI desktops."

~Barry James, Children's Therapy Center
