

ControlUp: Powering the Work From Anywhere World

Stay productive, reduce friction, and deliver better patient outcomes with ControlUp

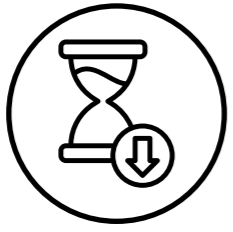

Citrix Ready Partner Pavilion at HIMSS22

Meet us at Booth 5043

Attend the virtual event

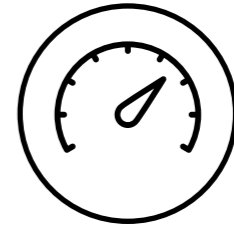

ControlUp's Digital Employee Experience management platform makes it possible for IT to:

Reduce logon times

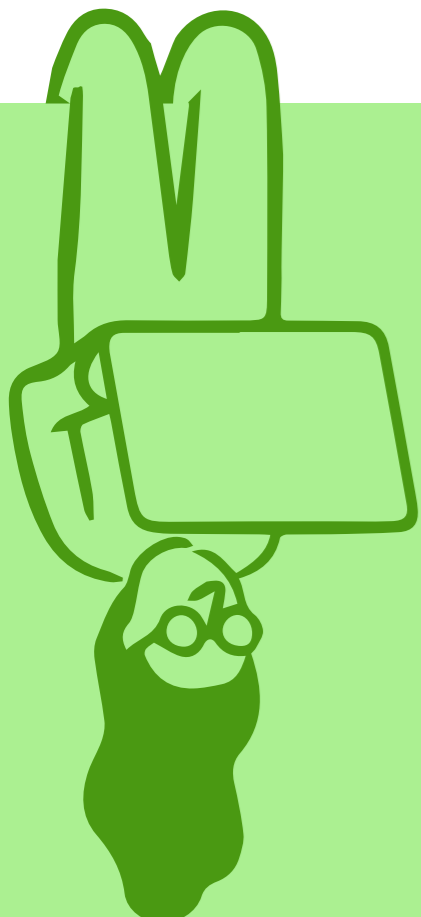

Ensure patient care resources are available when clinicians need them

Increase performance for VDI/EUC sessions

Optimize digital experience with actionable insights to deliver best-in-class employee productivity.

Optimize remote work environments, so you can work where you want

Billions of hours of operational metadata

Prevent user downtime, so you can work when you want

300+ scripts designed to optimize EUC environments

Resolve issues faster, so you can work how you want

The trust of the largest healthcare organizations in the world

At HIMSS 22, join us to see how ControlUp is powering the work from anywhere world.

Meet us at the Citrix Ready Partner Pavilion, Booth 5043, to find out how ControlUp is Powering the Work From Anywhere World
