Nutanix and Citrix: Delivering Brilliant User Experience for Enterprise Application Workloads

Scalability, predictable performance, and consistent user experience are among the top of mind challenges for IT teams tasked with mobilizing their workforce. Nutanix and Citrix are working together to address these challenges, while driving down the cost and complexity of end user computing solutions. The companies are committed to collaborating on solutions across a full breadth of products.

Citrix and Nutanix jointly deliver solutions for desktop and application virtualization, enhanced application delivery, and cloud based management to organizations with 10s to 10,000s of end users. Customers of Citrix and Nutanix solutions gain both technology and business benefits from the partnership, through:

- Native product integrations including support for Nutanix Acropolis, bringing together the best of Citrix mobility and Nutanix invisible infrastructure
- Extensive joint validation for fully vetted solutions, driving simplified design choices and accelerated deployments
- Comprehensive tools, educational workshops and services, helping customers to migrate to modern architectures and maximize their ROI

Citrix Ready Solutions from Nutanix
Citrix has verified Nutanix solutions as Citrix Ready across a broad product portfolio including Citrix XenApp®, Citrix XenDesktop®, Citrix NetScaler, Citrix ShareFile, Citrix CloudBridge, and Citrix Workspace Cloud. Together, Citrix and Nutanix securely deliver a superior user experience for all enterprise application workloads; including application and desktop virtualization and cloud hosted services.

Nutanix Acropolis is verified as Citrix Ready for the following solutions.

Solution & Use Case	Joint Value Proposition	Description
Desktop and Application Virtualization using **Citrix XenApp and XenDesktop**	• Reduced complexity • Linear scalability • Lower CapEx, OpEx costs • Consistent user experience	Flexible desktop and application virtualization solution that is finally affordable to all. Simplify sizing, software selection, and accelerate implementation
Application Delivery using **Citrix NetScaler VPX**	• Secure access • Scalable across enterprise • Multiple workloads • Enhanced performance	Support performance demands of desktop and virtualization solutions, as well as enterprise application workloads such as: Microsoft Exchange, Microsoft SharePoint, Microsoft SQL Server, Oracle, SAP, and more
Enterprise File Sync and Share using **Citrix ShareFile**	• Enterprise class file-sync • Personal mobile access • Centralized IT control • Unified, scalable solution	Complete unified desktop and application delivery solution, easily scaling with end-user organization growth and business demands. True enterprise-class service across all corporate and personal mobile devices
Cloud Based Management using **Citrix Workspace Cloud (CWC)**	• Centralized management • Simplified deployment • Secure file sharing • Global access	Joint solution allows customers with virtual application and desktop environments hosted on Nutanix infrastructure to be managed easily and hassle-free from the cloud.

About Citrix Ready
Citrix Ready identifies recommended solutions that are trusted to enhance the Citrix Delivery Center infrastructure. All products featured in Citrix Ready have completed verification testing, thereby providing confidence in joint solution compatibility. Leveraging its industry leading alliances and partner eco-system, Citrix Ready showcases select trusted solutions designed to meet a variety of business needs. Through the online catalog and Citrix Ready branding program, you can easily find and build a trusted infrastructure. Citrix Ready not only demonstrates current mutual product compatibility, but through continued industry relationships also ensures future interoperability. Learn more at www.citrix.com/ready.

About Partner
Nutanix delivers invisible infrastructure for enterprises, elevating IT to focus on the applications and services that power their business. Nutanix Acropolis is a powerful scale-out data fabric for storage, compute and virtualization. Acropolis combines feature-rich software-defined storage with built-in virtualization in a turnkey hyperconverged infrastructure solution that can run any application at any scale.

Citrix is leading the transition to software-defining the workplace, uniting virtualization, mobility management, SaaS solutions and networking to enable new ways for businesses and people to work better.
