Citrix Ready Partner Pavilion at HIMSS'22

Meet us at booth **5043**

Attend the Virtual Citrix Ready Partner Pavilion

The leading global EUC innovator of managed endpoint software

Flexible, adaptable, secure – Stratodesk NoTouch is the solution of choice for healthcare IT

Flexible:
Adjust to any healthcare use case scenario or security need that arises with ease.

Adaptable:
Easily deploy Stratodesk NoTouch onto all of your existing devices. Get remote workers setup and ready to go within a matter of minutes.

Cost Effective:
Reduce the cost of new hardware investments with the hardware-agnostic Stratodesk NoTouch OS.

Day one support for the latest Citrix Workspace app Linux client as a standard part of our rolling releases.

Stratodesk and Citrix have a long history of innovation, enabling smarter workplaces, and bringing new form factors into the enterprise ready production environment.

Stratodesk NoTouch OS supports multiple versions of the Citrix Workspace app Linux Client.

Save $400 per endpoint in a typical healthcare deployment thanks to Stratodesk NoTouch PC Conversion.

Reduce deployment and imaging times from four hours per device to four minutes thanks to ease of adoptability with Stratodesk NoTouch OS.

Highly adoptable and scalable – easily rollout 10,000+ endpoints in a matter of weeks!

At HIMSS'20, join us for:

Live demos of Stratodesk NoTouch OS.

Amazing swag.

The chance to speak with technology professionals who know our software best.
