CITRIX Ready HDX Technology

vmware READY

NO TOUCH

Struggling with Windows PCs?

Compliance issues, security breaches, lack of centralized management, expensive antivirus software

Stuck with Thin Clients?

Vendor lock-in, poor performance, difficult to update, EOLed OS, features and drivers missing

Inferior Client Management Tool?

Not customizable, important features missing, not enterprise ready, not flexible enough

Losing out against the endpoint quagmire?

Generations of PCs and notebooks, various Thin Clients, different operating systems, drivers, management tools

STRATODESK CAN HELP!

Convert your PCs and Laptops into smart, secure, “zero-like” VDI terminals with **NoTouch Desktop.** Get all the benefits of thin and zero client computing out of the box. Unify your end user desktop devices in seconds and manage them centrally at the touch of a button.

NoTouch Desktop

- **The leading VDI endpoint solution**. Thin operating system and central management software
